

**Page Morton Black**  
**Chairman of the Board**  
**Parkinson's Disease Foundation**

Mrs. Black has worked for more than 40 years to build support for Parkinson's Disease Foundation's research programs to find the causes of and a cure for Parkinson's. Mrs. Black's late husband and creator of the Chock Full o' Nuts Corporation, Mr. William Black, founded PDF in 1957. Mrs. Black is a familiar member in show business, as she lent her voice to sing the Chock Full o' Nuts coffee jingle and helped make it one of the most famous in the country. She has also recorded several albums and appeared in top cafés in New York City.

Among her vast contributions to PDF have been her leadership in conceptualizing PDF's annual fundraising gala, *Bal du Printemps*, and her success in involving the committed and generous philanthropic leaders of the community who ensure its success. Mrs. Black continues to demonstrate her commitment to curing Parkinson's disease by serving as Chairman of the PDF Board of Directors. PDF presented her with the 2005 Lifetime Achievement Award in recognition of her dedication to and leadership in the Parkinson's community.
